# An Interview with Sydney Klein

**Hometown:**

Rochester, NY

**Major:**

Psychology, Dance minor

**What have you been up to since graduating from Geneseo?**

I graduate in the spring of 2019, and after that I plan on attending grad school to get a PhD in social psychology.

**Why do you feel that GREAT Day is important?**

GREAT Day is important because it allows students to share their work with the school, as well as help to develop skills for future presentations of research or papers. It allows students to become better speakers in their specific major, which will advance their skill set.

**What was your experience presenting your work at GREAT Day?**

Presenting at GREAT Day was not only an excellent practice for presentations, it was also a fun way to talk about dance and the history of it. Isadora Duncan and Loie Fuller both are huge inspirations for my own dancing and motivation, so it was a great experience to be able to share their history and contributions.
